**DATE OF LOSS:** MARCH 9, 2025

**DATE OF REPORT:** MARCH 13, 2025

**TYPE OF LOSS:** STORM

Front Photo:

Image 1

### CAUSE OF LOSS:

Heavy rains flooded the basement and damaged electrical outlets.

### SCOPE OF WORK:

The following is a brief outline of the work to be completed on the contents portion of this claim.

- 1. Pump out flood water.
- 2. Replace affected wiring.
- 3. Inspect mold presence.
- 4. Install sump pump.
- 5. Replace carpeting.

## **RECOMMENDED RESERVES FOR TRINITY'S INVOLVEMENT:**

The estimated cost for Trinity's involvement is as follows:

- Indemnity Work: Should not exceed \$20,425.00 plus HST

Our actual cost will be adjusted once the exact scope of approved work is known. The recommended estimate is only based on visual inspection for reserves setting purposes.

- Trinity Listing & Pricing Expense Reserve: Should not exceed \$4,520.00 plus HST

## **RECOMMENDED RESERVES FOR THE TOTAL CONTENTS LOSS:**

Based on a visual inspection of the extent of non-salvageable items on the main floor, we believe that the total replacement cost for the non-salvageable items should not exceed \$8,375.00 plus HST.

## **CONCLUSION:**

Once our scope of work is approved, we can attend and begin the pack out process.

Thank You,

**Mo Waez**
